

ANNOUNCEMENT.

In order to give every reader of this newspaper the privilege of expressing his or her opinion on all topics or enterprises looking to the public good—correcting abuses, redressing wrongs, advocating improvements, etc., we will begin next week an "EVERYBODY'S DEPARTMENT" in this newspaper, in which all who desire to do so can have a say over his or her signature. Remember it is just as much everyone's duty to do this kind of public service as it is the duty of your newspaper man to do it. Every day some one requests the newspapers to do this or that, and now the opportunity is given for all such to take a part in such work.

In "Everybody's Department," let everybody who desires to do so, have their say on all public matters, and no one should say a thing they are afraid or ashamed to appear over their own signature. No anonymous communications will be noticed. THE EDITOR.

Our Tallahassee Banks.

While banks all over the country are issuing clearing house certificates Tallahassee banking institutions are going along in the even tenor of their way, satisfying their customers and patrons in all things reasonable, just as if no stringency in the money market existed, and the prospects are the best that they will hold their own until the very brightest season in the money affairs of the country come again. While the business people of many cities are petitioning their bankers to issue certificates our bankers are taking care of our business people as usual, and they have the full confidence of the people. Let all who have idle money out of the banks, even in small amounts, which they have no immediate use for, go to one of the banks and deposit it. It is as safe there as it would be in Uncle Sam's vaults. No money hoarded or laid away is safe, and every one who has it should deposit it in a good and safe bank—the kind we have in Tallahassee.

Silver Tea.

On Saturday afternoon, November 30, at the residence of Mrs. J. J. Hodges, the Woman's Club will give a Silver Tea. A musical program will be rendered, and refreshments served. A cordial invitation is extended to all. A free will offering will be gladly received.

A cheap, slazy umbrella may answer during an April shower, or a gentle summer rain, but when the winter storm is sending from all directions at once a stinging sheet of icy drops about your neck and face, you want an umbrella that is warranted not to turn wrong-side-out nor let the water through. You get the latter kind from P. T. Nicholson. 38

Don't make your final arrangements for the winter until you have called upon Miss Mattie Whatley, at her popular boarding house on North Monroe street. 39-tf

Dr. Henry E. Palmer has been in Jacksonville attending a meeting of the Board of Medical Examiners, of which he is President. There was a large number of applicants at this session, and the board was in session two days.

When you want a nice granite or marble monument, write the Thomasville Marble works, R. A. Weldon. 35

The Daughters of the Confederacy are preparing for a Silver Tea, to be given on the 13th of December. This has grown to be an annual affair, and one that is very popular.

P. T. Nicholson has a window full of new umbrellas, both for men and women. 38

December 5th has been fixed as the date on which will be given the annual Bazaar of the Ladies' Aid Society of the Presbyterian Church.

The editor has enjoyed another delightful ride with Chief Hamlin in his trim little car, and on this occasion, Tuesday, to the G. F. & A. depot and return to this office. If you think of purchasing an automobile, see him about it first.

Mr. E. R. Caldwell, Piano Tuner of Albany, Ga., is in the city, a guest at the Mickler House.

Havolin China in the prettiest designs and the very best quality can be purchased of P. T. Nicholson, who keeps a full and complete line of all goods usually found in a first-class up-to-date jewelry store. 39

The guests at the "Coming Out Banquet" seem to have had a grand time—at least, all of Tallahassee's delegation express themselves that way. They all returned together except Governor Broward, who went on down the East Coast to look after the drainage work.

State Superintendent Holloway has been off "dedicating" another school building. Mayo has greeted a handsome brick school of which her citizens are justly proud.

The newest thing out for making coffee, is the Coffee Percolator. Made at the table with alcohol wickless lamp. Coffee made this way is a most cleanly and delicious beverage. H. N. Sweeting will show you how it is done. 39
